**BLACK DIAMOND**  
EBONITE

The **Black Diamond Ebonite** mouthpiece features a new internal and external design. These developments offer the musician a full sound, rich in depth and color, especially in the upper register of the clarinet.

The **Bb Black Diamond** mouthpiece is also available in 13 Series (American pitch).

The **Black Diamond Ebonite** range now includes the **Bass Clarinet**.

The **BD5** is the first mouthpiece that allows one to play on Bass Clarinet with an embouchure similar to that of a Bb Clarinet.
